

Useful Addresses – Smoking

April 2020

The following organisations have been contacted by the college (unless we have been placed on their database for regular updates), and have provided up-to-date information. Files are stored in the Library in the **Social Information Area**. If you require extra information, **please check the websites** or use post or e-mail to contact before using the telephone, as the phone lines are usually restricted to persons requiring direct assistance from the charity. Please allow for at least 14-28 days for a reply if contacting by post or e-mail
